ARTSAGE SEEKS BOARD MEMBERS

Wayzata, MN (August 25, 2014) - ArtSage is encouraging leaders in the community interested in the field of arts and aging to consider serving on its volunteer Board of Directors. Minnesota professionals with financial, legal, human resources, marketing, or fundraising expertise, or those with knowledge and experience in the fields of health, senior services, arts or aging are encouraged to apply for openings.

Board members serve a three-year term and are expected to serve on a committee providing time, talent and resources to support the organization. Board meetings are held bi-monthly. ArtSage is a statewide organization, and though Twin Cities metro-based, encourages members from throughout Minnesota.

Building on two successful years of programming for artists, arts organizations, and communities throughout Minnesota, ArtSage is embarking on a third year of its nationally-recognized Arts & Aging Professional Development Initiative, which trains teaching artists for work with older adults in community settings and at all levels of care. ArtSage is also expanding its consulting services for arts groups and senior-serving organizations, and is developing ongoing partnerships with local, regional, and national organizations engaged in the growing field of arts and aging.

For information, and to apply to for service on the ArtSage board, please contact megan@artsagemn.org.
